Capability Information

Crushing and Screening

Bolwarra Enterprises has the ability to provide crushing and screening services completely independently, with a fleet of fully mobile crushing and screening plants and the prime movers and trailer systems to be able to transport the plant to any location. We offer this service preferably on wet hire terms; however, have in the past provided the equipment for dry hire to suitably qualified customers.

Hire of Plant

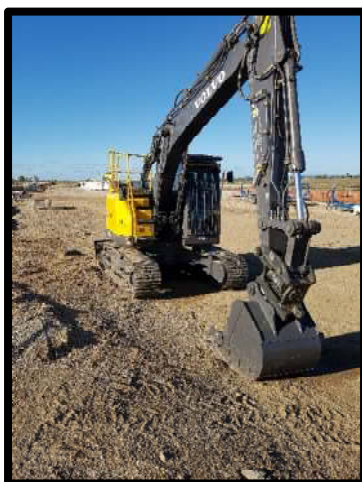

Bolwarra Enterprises offers wet hire of well-maintained plant. Please see table over page for a list of the plant available including details of our operators.

Plant Schedule

Please refer to the table below which shows a summary of our plant and equipment. A full comprehensive list is available upon request.

Plant Type	Number of Units
Excavator (14/ 28/ 36/ 38 tonne)	6
Grader 16G /14H	2
Front-end Loader (Cat 980, 966, 920, 530)	8
Body Trucks	3
Prime Mover (three with excess mass permits)	7
Road Trains (double / triple)	4
Water Truck	2
Semi Side-tipper Trailer	14
Dolly Trailer	9
Dog Trailer	4
Low Loader/ Float Trailer	3
Low Loader Dolly Trailer	2
Concrete Agitator Truck (6m3 and 8m3)	9
Articulated Dump Truck (40T)	2
Hydraulic Rock-Breaker	3
Roller (Smooth drum plus pad ft)	1
Crane (Franna)	1
Jaw Crusher	2
Gyro Crusher	2
Impactor Rotary Crusher	3
Cone Crusher	2
Screening Plant	4
Drill Rig	1
Mobile Concrete Batch Plant	1

Quarry Materials – Wongabel Quarries N Concrete & Bolwarra Enterprises Pty Ltd

We offer a wide range of quarry products from our quarries located in Atherton, Tolga, Croydon, Cardwell and Georgetown in North Queensland. Our three major quarries (Wongabel, Croydon and Georgetown) all hold current Department of Transport and Main Roads Quarry Assessment Certificates. Please refer to the table below which shows the products that carry DTMR certification for each quarry.

Products available are listed below:

- Type 2 and 3 Road-bases
- Cover Aggregates (various sizes)
- Concrete Aggregates
- Crusher Dust, Deco and Maintenance Gravels
- All size rock – Ballast, Trench, Mattress, Gabion

Quarry	Products covered by DTMR Quarry Certificate
Wongabel Quarry, Atherton	Type 2 and 3 Road Base Cover Aggregate
Jubilee Quarry, Croydon	Type 2 and 3 Road Base Cover Aggregate
Routh Quarry, Georgetown	Type 2 and 3 Road Base Cover Aggregate

Concrete Products – Wongabel Concrete

We offer a range of pre-mixed concrete products for all applications delivered directly to site by our fleet of nine concrete agitator trucks (three of which are eight-wheel vehicles with larger 8 m3 bowls). All products are tested regularly by NATA certified laboratory.

Our mobile concrete batching plant enables us to be able to batch concrete anywhere, therefore being able to affordably supply concrete for large remote work sites.

- All pre-mixed concrete requirements, delivered directly to your site by our fleet of eight concrete agitator trucks.
- Access to additional concrete trucks using sub-contractors.
- Exposed aggregates and a range of oxides for coloured concrete, for all your decorative requirements.
- Highest quality raw materials, ensures the highest quality concrete products.
- Made to specific certified mix designs and quality tested routinely to ensure the high quality is consistent.
- Dependable service, competitive prices for locals.
- Free quotes.
